After several days of commencement practice the class of 1970 graduated on May 27. Some walked out of Buckeye with tears in their eyes as they said good-bye to old friends. But all looked forward to the future with many fond memories of the past.

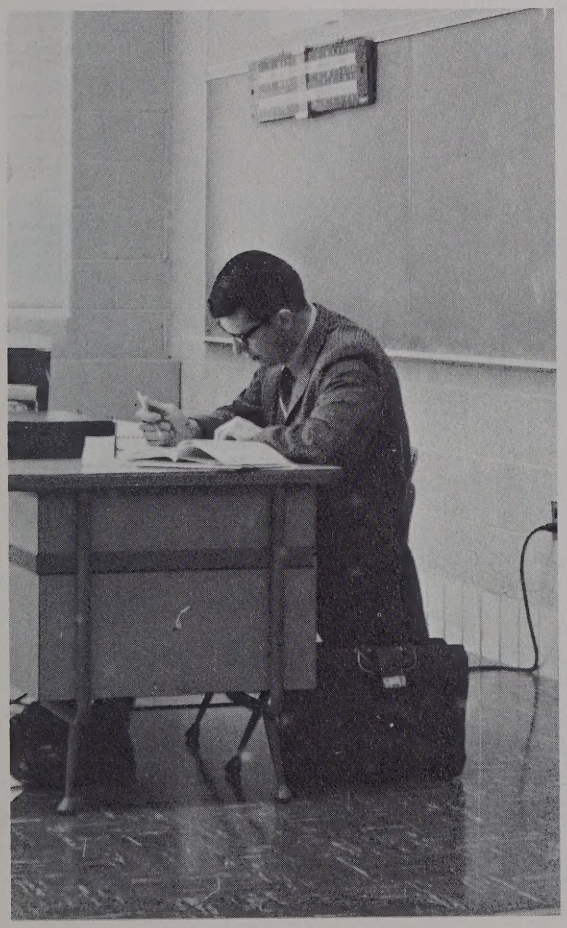
AN IMAGE OF Inspiration . . .



We Dedicate

There is no teacher more dedicated and conscientious in preparing students in a better education than Mrs. Bessie Keller to whom we have dedicated the 1970 REFLECTOR.

Mrs. Keller has spent her time and effort instructing students in the basic language of Latin and in the aspects of Roman culture.

Her work has enabled students to not only appreciate ancient languages and cultures, but also to comprehend modern languages and customs.

Through her Latin classes, Mrs. Keller has become both an instructor of the highest quality and an understanding friend, always eager and willing to help.

We are proud to dedicate our 1970 REFLECTOR to Mrs. Bessie Keller.

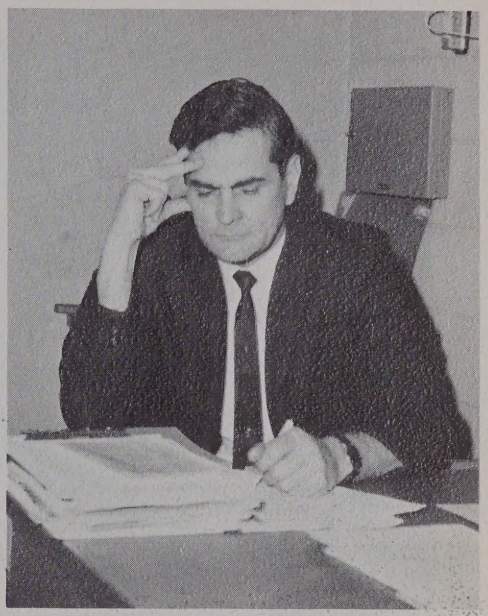
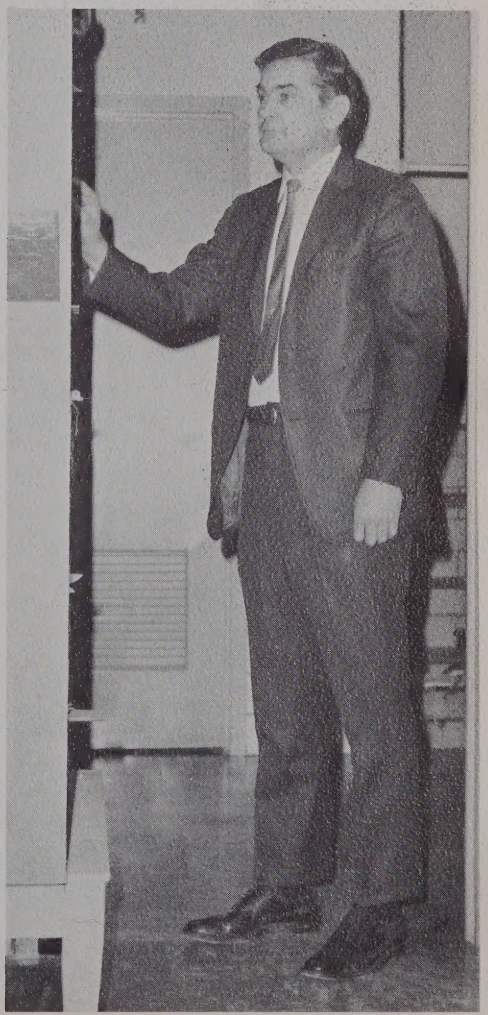
Superintendent L. E. Naragon Strives to Improve Standards in Education

Planning for the future has been Mr. Lloyd E. Naragon's goal for Buckeye High School. Striving to provide facilities and equal opportunities for a better education for all students, he has promoted and worked to put into operation a system of vocational education. This will give students an occasion to gain experience while learning.

Occupied with the supervision and management of the Buckeye School District, Mr. Naragon has attempted to do his best in an area where recognition is too seldom given. Through his efforts, the school district has functioned smoothly and efficiently, which is truly a reflection of his success.

M. P. Bogard Molds New Curriculum





Striving to give each student the best all-around education that will be most beneficial in the future is our principal, Mr. Millard P. Bogard. In February, he attended the National Principals' Convention in Washington, D. C. with principals from all over the United States. Three of the main topics of discussion were the drug problem, federal finance, and the reasonable rights of students.

One of his jobs is to develop our high school's educational philosophy. "To provide equal education for all" is Mr. Bogard's main philosophy.

As the advisor of Student Council, one of his accomplishments was the supervision of writing a student handbook.

In addition to his regular work, Mr. Bogard has been preparing two new programs in vocational education.

Secretaries and Office Help Add Efficiency

In the main office can be found the hard-working secretaries who provide an essential connection between students and administrative personnel. They have many duties, a few of which are bookkeeping, filing, typing reports and collecting money.

Doing their share of work are these girls who give up their study halls to work in the office. They are constantly busy doing secretarial jobs for Mrs. Fletcher and Mrs. Schaefer. They do such things as writing admit slips, taking attendance, and answering the telephone.

School Board Members Tackle the Challenge of Education

Striving to improve our school is the BUCKEYE BOARD OF EDUCATION - SEATED: Norman Hinman, Stuart Zacharias, President; Don Rice. STANDING - John Rae, Dick Mack, Vice-President.

The Board of Education had an active and decisive year in respect to the establishment of the vocational education of Buckeye High School. The Board established a system of school and on-the-job training, which had been recommended by the state. Also on the agenda was further expansion of classroom facilities.

Mrs. Bullard acts as the secretary and treasurer of the Board of Education. She keeps busy handling all communications of the board. This includes making financial reports and keeping an account of all school funds.

General math taught the basic facts needed to understand the higher levels. College bound students analyzed the properties of numbers in terms of formulas and equations in Algebra I and Algebra II. Geometry students explored the properties of geometric figures and their relationship in space.

Advanced math, an accelerated course for seniors, provided deeper insight into the complex problems of mathematical relations.

Under the supervision of Mr. Koppes, each student is encouraged to explore and work in the area most interesting to him. This is done through on-the-job training, individual projects, and working with the F.F.A.

Encouraged by Mr. Wurstle to become skilled in shop craft, the students of the shop department were involved in wood working, mechanical drawing and metal work.

Preparing them for the future, Miss Loveland provided her students with the basics of preparing meals, sewing, and managing homes. The annual event for the students was visiting the Home and Flower Show.

Girls' classes participated in soccer, volleyball, softball, and basketball, and displayed skills in stunts and tumbling. Boys' classes increased their abilities in football, basketball, volleyball, wrestling, crab soccer, track, and baseball. During one week the girls' and boys' gym classes learned the art of square dancing.

In the freshmen health classes students were taught through discussions and movies about the dangers of using alcohol, tobacco, and drugs.

Mr. Walter Thomas and Mr. John Rousch were frequently seen by all students at Buckeye sweeping the floors and making repairs where needed. Adjusting boilers in winter, waxing floors and keeping the rest of the school in good order kept these custodians on a busy schedule throughout the year.

Most of the students of Buckeye depended on buses as their transportation to and from school. They relied on efficient and dependable bus drivers to get them to school safely and on time.

Gary was very active in the F.F.A. He was a member of the Meat Identification Team and the Parliamentary Procedure Team. Gary's primary interest was in horse racing. One of his greatest accomplishments was the acquisition of his racing license.

Juniors Run Concession Stands at Games

The class of '71 accepted the responsibilities of upperclassmen as they suffered through the perils of U.S. History with Mrs. D'Amico. They spent many hours working to make a most memorable Junior-Senior banquet and Prom under the theme, Roman Gardens.

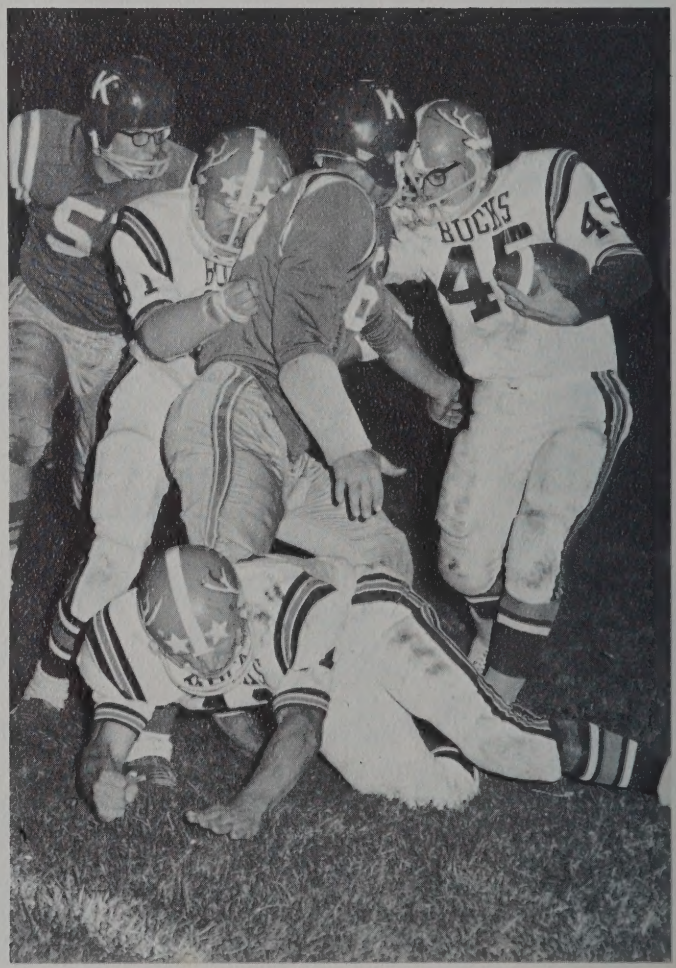
Drama of a Hard Fought Season . . .

Bill Schnurr breaks a tackle as he drives ahead for more yardage.

Coach Clark proudly watches his defense at work.

Compiling a 7-2 record, the 1969 season was successful starting with victories over Norwayne and Smithville. The Bucks lost to Brookside. However, this did not stop them from defeating Columbia, Firelands, South Amherst, Keystone, and Avon. Although the I. C. Championship seemed in view, the Buck's fine defense couldn't hold Highland in the last game of the season.

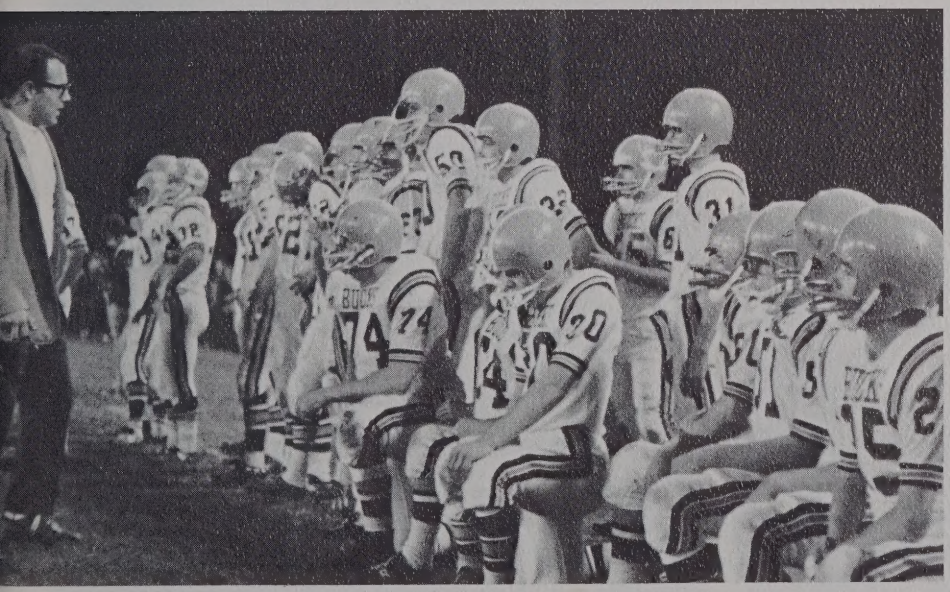


Jeff Schaefer powers his way in for a first down.

Al Kiene breaks loose for another long touchdown run.

Coach Lewis anxiously awaits the game's outcome.

All State Bob Rising displays his fine running form.



Coach Clark goes down the line as he looks for a replacement.

Buckeye used a fast-break offense throughout the season which enabled the team to win their games.

One of Buckeye's finest team performances was against South Amherst. The Bucks defeated the Cavaliers on their home court in the closing minutes of the game for one of the biggest upsets in the Inland Conference. The finest individual performance was by Alan Kiene who led the Bucks to a victory by scoring 46 points in the Keystone game.

After a rough season Buckeye drew a tough Dalton team in the Wooster tournaments, only to be defeated 66-56.

Leading the Bucks this season were the tri-captains, Al Kiene, Most Valuable Player and Best Field Goal Percentage; Ron Miller, Leading Foul Shooter; and Rich Stalnaker, Best Rebounder.

But after these six games the Bucks bounced back to beat Northwestern and Wadsworth to even up their record. Buckeye had a great start in tournaments defeating Highland for Inland Conference and Columbia for Sectionals.

Ending the season with a 14-9 record, Buckeye had many outstanding players such as Al Kiene batting 400 and Dick Steingass being awarded the MVP award.
